Contents

Introduction to the handbook series
Karlfried Knapp and Gerd Antos .................................................. v

Part I

Professional and organisational practice: A discourse/communication perspective
Srikant Sarangi and Christopher N. Candlin .................................. 3

Part II

1. Evidence and inference in macro-level and micro-level healthcare studies
   Aaron Cicourel ................................................................. 61

2. Applied Linguistics in the legal arena
   Roger Shuy ........................................................................ 83

3. Communication is not neutral: “Worldview” and the science of organizational communication
   James Taylor .................................................................. 103

Part III

4. Alignments and facework in paediatric visits: Toward a social choreography of multiparty talk
   Karin Aronsson and Camilla Rindstedt ................................. 121

5. Peering inside the black box: Lay and professional reasoning surrounding patient claims of adverse drug effects
   Heidi Hamilton and Ashley Bartell .................................... 143

6. Institutional bodies and social selves: The discourse of medical examinations in hospital settings
   Per Måseide ................................................................. 173
7. Uncomfortable moments in speech-language therapy discourse
   Dana Kovarsky and Irene Walsh ........................................... 193

8. Speaking for another: Ethics-in-interaction in medical encounters
   Ellen Barton ................................................................. 215

9. Psychological and sociomoral frames in genetic counseling for predictive testing
   Srikant Sarangi, Lucy Brookes-Howell, Kristina Bennert and Angus Clarke .................................................. 235

10. Theoretical vocabularies and moral negotiation in child welfare:
    The saga of Evie and Seb
    Sue White and David Wastell ............................................. 259

11. Interrogation and Evidence: Questioning sequences in courtroom discourse and police interviews
    Sandra Harris ............................................................ 277

12. Judging by what you’re saying: Judges’ questioning of lawyers as interactive interpretation
    Pamela Hobbs ............................................................ 299

13. Professional discourses in contact: Interpreters in the legal and medical settings
    Giuliana Garzone ........................................................ 319

14. Enabling bids: Occupational practice and ‘multi-modal’ interaction in auctions of fine art and antiques
    Christian Heath and Paul Luff ........................................... 341

15. Argumentation across Web-based organizational discourses:
    The case of climate-change debate
    Graham Smart ............................................................ 363

16. E-mail messaging in the corporate sector: Tensions between technological affordances and rapport management
    Maria do Carmo Leite de Oliveira ....................................... 387

17. Gatekeeping discourse in employment interviews
    Celia Roberts ............................................................. 407
